A NOTE FROM THE PRINCIPAL'S DESK

In the ranking of an institution, the job placement of its students plays a big role.

With digitalisation, there is immense scope and a large number of avenues open to youngsters in some of the non-conventional areas where the basic requirements are skills obtained till graduation. The Placement Cell of Daulat Ram College under the guidance of Dr Kalpana Vaish and her team of dedicated teachers and students office bearers have done a great job this year. The events like Internship and Career Fair, soft skills sessions and webinars organized this year will go a long way in identifying the companies and job prospects for students after their graduation. My best wishes to the entire team for their immense contribution.
