
Swachhta Committee – Annual Report (2025–26)

During the academic session 2025–26, the Swachhta Committee actively worked to maintain a clean, hygienic, and environmentally responsible campus. With the support of Swachhta Ambassadors, faculty, staff, and students, regular cleanliness drives and inspections were conducted across classrooms, corridors, library, washrooms, cafeteria, and recreational areas.

Special emphasis was placed on maintaining hygiene in the library and washrooms through regular cleaning, sanitization, and monitoring of facilities. Proper waste disposal systems, including sanitary napkin units and adequate dustbins, were ensured across the campus. Green areas were regularly cleaned, and additional dustbins were installed to prevent littering. Cleanliness drives were organized before and after major college events to maintain order and hygiene.

The Committee also collaborated with **Manjari**, the Annual Cultural Fest of the college, to ensure eco-friendly and well-managed celebrations. Prior inspections were conducted, waste segregation bins were installed, and volunteers were assigned in shifts to monitor cleanliness throughout the event.

Overall, the Committee’s consistent efforts significantly contributed to fostering a disciplined, hygienic, and sustainable campus environment. The Committee remains committed to strengthening these initiatives and enhancing student participation in the coming academic year.

President - Raghavi Sharma

Convenor - Ms. Geetanjali kumar

Committee Members – Dr.Seema Khurana,Ms.Rohini Arya,Dr.Deepak,Dr Anuradha

SWACHHATA COMMITTEE 2025-26 (during Manjari)

Monitoring of waste disposal units in campus green areas to prevent littering.

Active waste collection and sanitation management during campus events.
